

PUBLIC NOTICE

Sub: Temporary Restoration of CBN Online Portal Services and Postponement of PAHAL User Guidance Session regarding ICEGATE (SWIFT 2.0) Integration—reg.

Due to unforeseen technical and operational issues, the recent migration of specified CBN modules to the **ICEGATE (SWIFT 2.0) Portal** has been temporarily placed in abeyance to prevent disruption to trade and industry.

Key Updates:

- **Immediate Restoration:** Front-end access for the following eight modules is immediately restored on the legacy CBN Online Portal until further notice:
 - Profile Registration and Updation Modules.
 - Export and Import Authorization Modules for Psychotropic Substances.
 - Export and Import Authorization Modules for Narcotic Drugs.
 - Export and Import NOC Modules for Controlled Substances.
- **System Usage:** All stakeholders must submit fresh applications and access historical records, pending statuses, and previously issued certificates via the CBN Online Portal.
- **Event Postponement:** The PAHAL User Guidance Session scheduled for July 21, 2026, is postponed. A revised date will be communicated once technical activities conclude.
- **Future Resumption:** Migration to the ICEGATE portal will resume only after these technical issues are comprehensively resolved in coordination with stakeholders.

This notice modifies the directives issued in the previous Public Notices dated 01.07.2026 and 15.07.2026.

By order of the Narcotics Commissioner
